

Nane Annan

17 April 2003

Dear Mr. Yannopoulos,

I was very happy to be able to visit "The Smile of the Child" yesterday and hear about all the wonderful work you are doing for the children. You and your colleagues and volunteers are truly working for a «World Fit for Children" in which children are cared for and protected from exploitation and abuse.

It is amazing how a dream can come true through the dedicated work of a few individuals inspiring others like circles on water. As Andreas said: "Let's help, if we unite we will manage to help the children".

Please give the children my warmest greetings. It was wonderful to meet with them and hear their questions and their singing. I wish them all happiness and success in life with much love and many smiles.

With warm greetings,

Mr. Constantinos Yannopoulos
Athens
